GEMA

Es gibt Musik, die auch nach vielen Jahren noch starke Erinnerungen in uns weckt. Diese Melodien rufen Eindrücke von Filmen, Bildern oder biografischen Erlebnissen hervor. Das gilt sowohl für Filmmusik als auch für klassische Stücke, die uns einst besonders berührt haben. Genau diese Werke haben wir in einer Retrospektive neu arrangiert und mit Improvisationen ergänzt.

There is music that still brings back strong memories in us even after many years. These melodies evoke impressions of films, images or biographical experiences. This applies to film music as well as to classical pieces that once particularly touched us. We rearranged exactly these works in a retrospective and supplemented them with improvisations.
